### SYNOPSIS

#### **ROMEO AND JULIET**

In the film *Romeo and Juliet* everything is tensioned and necessary in this choir room, where images succeed, fluid and strong, as arisen from the musical flow. And, here the choreography of Thierry Malandain is created with arabesques, pirouettes, jumps, constantly broken and redistributed in an urgent motion.

#### **CINDERELLA**

Visionary choreographer Thierry Malandain takes this monument of Ballet, on the partition by Sergei Prokofiev, to give us his very personal vision. Malandain stays true to the drama *Cinderella* and explores some of the themes he particularly likes: the search for an ideal, the truth revealed, the duality that sleeps in each of us...

#### **CINDERELLA ON THE WAY TO VERSAILLES – DOCUMENTARY**

Thierry Malandain, choreographer, is working hard on his latest challenge: the creation of the ballet *Cinderella* with an orchestra of 90 musicians who accompany him on this project. For this, the ballet requires the cooperation of the Basque National Orchestra. So, two neighboring countries, two cultures and artistic disciplines come together in a common project of dance and music. The documentary follows the preparation of this new challenge, since the beginning and until the final scene. The film ends with the Premiere at the Royal Opera of Versailles.
